

Full-time Analysts and Analyst Interns for 2022

Raising capital is often a milestone in a company's life. The process requires detailed planning, careful consideration and seamless execution. Augment has since 2016 helped growth companies across several industries successfully raise capital and maximise shareholder value through our extensive local market knowledge. Our commitment to client success focuses on long-term guidance and our aim is to be a trusted partner for years to come.

Our services include e.g.:

- Initial public offerings
- Rights issues
- Directed issues
- Private placements
- Certified Adviser/Mentor

Augment has a tight entrepreneurial team of eight and has since start advised on over 100 transactions. Please see our [website](#) for more information about us and our transactions.

The role

Our people are our greatest assets and the core of our business. In line with our augmented and long-term approach towards clients, we try to provide something more to our people than solely being an employer.

Currently we are looking for full-time Analysts and for Analyst Interns to join us for 12-24 weeks during fall 2022.

The role mainly includes:

- Producing presentations, prospectuses and other documentation
- Gathering data and performing in-depth analyses of markets, industries and companies
- Actively participating in transactions and client contacts

Ideal candidate

- Strong interest in financial markets
- Relevant previous work experience
- Holds relevant BSc or MSc (or about to finish)
- Excellent academic background

The candidate must have strong analytical and numerical skills as well as exceptional communication and interpersonal skills in Swedish and English. Finnish is seen as a merit.

How to apply

Please send us your application, CV and transcript of academic records no later than 16 May 2022 to talent@augment.se. Applications are reviewed continuously.
