

Analyst Internship application for Autumn 2024

Unlock your potential with our corporate finance internship program.
Join our team of capital markets specialists during the autumn of 2024.

We are Augment

Raising capital is often a milestone in a company's life. The process requires detailed planning, careful consideration and seamless execution. Augment has since 2016 helped growth companies across various industries successfully raise capital and maximise shareholder value through our extensive local market knowledge. Our commitment to client success focuses on long-term guidance and our aim is to be a trusted partner for years to come.

Our services include:

- Initial public offerings (IPOs)
- Rights issues
- Directed issues
- Private placements
- Certified Adviser/Mentor

Augment has a tight entrepreneurial team of eight and has since start advised on approximately 100 transactions. Please see our website for more information about us and our transactions.

Currently, we are looking for Analyst Interns to join us for 12–24 weeks during the autumn of 2024.

The role

Our people are our greatest assets and the core of our business. In line with our augmented and long-term approach towards clients, we try to provide something more to our people than solely being an employer.

The role mainly includes:

- Producing presentations, prospectuses and other documentation
- Gathering data and performing in-depth analyses of markets, industries and companies
- Actively participating in transactions and client contacts

The ideal candidate:

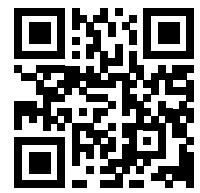

- Strong interest in financial markets
- Relevant previous work experience
- Holds relevant BSc or MSc (or about to finish)
- Excellent academic background

The candidate must have strong analytical and numerical skills as well as exceptional communication and interpersonal skills in Swedish and English. Finnish is seen as a merit.
